TRADITIONAL AUSTRIAN  
CARMELISED CABBAGE PASTA

## Recheis Teigwaren

### Hall in Tirol

For five generations, the traditional Tyrolean company Recheis in Hall has been refining the best natural ingredients into Austria's most popular pasta. The durum wheat for the Recheis Gold brand is grown by around 200 family farms in the Weinviertel region, while the spelt for Recheis spelt pasta is grown in the Styrian Vulkanland region. Together with Austrian eggs and fresh mountain water from the Karwendel nature reserve in Tyrol, this results in pasta of the highest quality and with a genuine taste.

Whether it's Krautfleckerl, creative pasta bowls, or Grandma's ham croissants au gratin—with Recheis, Austria's favorite dishes taste just like we love them at home.
